Pavement Tool Manufacturing
7300 Main Street
Newtown, OH 45244-3015
800-594-0036
pavementtool@thebrewerco.com

We may look a little different, but great quality and service are here to stay!

We hope the higher quality graphics and organization improvements make the catalog easier for you to use. We're also still hard at work to improve the quality and service you've counted on for years. After consolidating manufacturing operations in Ohio in 2022, we've added dedicated staff and equipment upgrades to make order turnaround faster than ever.

If you haven't given us a try, let us prove it to you!

We got quite a few compliments since that change. Here's what one long time customer had to say:

January, 2023

We've been a long-time customer of Pavement Tool Manufacturers. Their excellent quality and great service helped us build our pavement maintenance supply business. By getting our customers what they needed for hand tools and stencils, quickly and with zero quality problems, they became a valuable partner as much as a supplier.

Like everyone else, we were hopeful that their acquisition by Brewer wouldn't change any of this. We knew moving the operations from Texas to Ohio over the off-season would be a challenge.

We've been pleasantly surprised to find that things have actually improved! After the season's start, turnaround time for orders actually got faster. Everything we've received is still top quality and all of the Pavement Tool staff is knowledgeable and eager to help.

We're excited about our partnership moving forward. They've added a dedicated sales contact and have been proactively helping us to identify any new items or changes we think might help us grow that portion of our business.

We wholeheartedly recommend Pavement Tool as a great source for hand tools, pour pots and stencils.

Pour Pots and Banding Machines

All models of our pour pots are lightweight and easy to handle while applying hot or cold pour crack sealants. Durable yet economical, they are constructed from 18 gauge steel with welded joint construction, pre-tested to be leak free and won't drip when the nozzle is closed.

Pour pot with legs - Item CP-3

- 2.6 gallon capacity
- 7/8" ball valve (ball to taper)
- 3/8" NPT nozzle

Pour pot without legs - Item CP-3A

- 2.6 gallon capacity
- 7/8" ball valve (ball to taper)
- 3/8" NPT nozzle

Pour pot on wheels - Item CP-3W

- 2.6 gallon capacity
- 7/8" ball valve (ball to taper)
- 3/8" NPT nozzle
- 2 1/2" diameter silicone squeegee
- 6" diameter steel disk wheels

Replacement Parts

Silicone squeegee - Item CP-SS

Single piece - 1/4" x 1 1/4" x 2 1/2" long

Squeegee nozzle kit Item CP-SN3

1 - 2 1/2" diameter steel sleeve with 3/8" NPT adapter

1 - 2 1/2" diameter silicone squeegee

1 - hose clamp

Wheel set - Item CP-W6-3

2 - 6" diameter steel disk wheels

Axle Set Item CP-AK-3

1 - 13" axle

2 - hitch pins

4 - 1/2" washers

Banding machine - Item CP-4D

- 4 gallon capacity
- 3" wide x 1/8" adjustable screed
- 6" diameter steel disk wheels

Replacement Parts

Wheel set - Item CP-W6-4

2 - 6" diameter steel disk wheels with 1/2" x 2" hub

Screed plate - Item CP-SP

1 - 1/4" x 2" x 3" wide steel plate

Axle set - Item CP-AK-4

1 - 11 1/2" axle

2 - hitch pins

4 - 1/2" washers

Standard Duty Crackfilling Squeegees

Standard duty units are supplied with a 4' wooden handle pressed in to a ferruled metal connector. Both V and U shaped crackfilling squeegees are reversible. They can be used to push or pull during application by reversing the assembly with the same handle as supplied - no additional parts are necessary. Complete units are supplied with handle, frame assembly and your choice of squeegee material as described below.

Standard Crackfilling Squeegees - Complete Units V Style - 7" throat

Item RV-GUM

2" Gum rubber blade - for temperatures up to 180° F.

Item HTRV-BUNA

2" Buna rubber blade - for temperatures up to 220° F.

Item HTRV-SIL

2" Silicone rubber blade - for temperatures up to 450° F.

Replacement Parts - V Squeegees

Gum Replacement Blade - Item RV-R

- tan color
- 1/4" x 2" x 12"
- Use to 180° F.

Buna Replacement Blade - Item HTRV-BK

- black color
- 1/4" x 2" x 12"
- use to 220° F.

Silicone Replacement Blade - Item HTRV-RD

- red color
- 1/4" x 2" x 12"
- use to 450° F.

Replacement Handle - Item CSRH-4

- 4' ferruled wood handle
- fits both V and U squeegees

Crackfilling Squeegees - Complete Units U Style - 3" throat

Item US-NEO

Neoprene rubber blade - for temperatures up to 180° F.

Item US-SIL

Silicone rubber blade - for temperatures up to 450° F.

Replacement Parts - U Squeegees

Neoprene Replacement Blade - Item US-R

- black color
- 1/4" x 2" x 18"
- use to 180° F.

Silicone Replacement Blade - Item US-RD

- red color
- 1/4" x 2" x 18"
- use to 450° F.

Replacement Handle - Item CSRH-4

- 4' ferruled wood handle
- fits both V and U squeegees

Heavy Duty Crackfilling Squeegees

Heavy duty units are supplied with a 6' aluminum handle. The heavy duty mounting kit is fitted into the handle and secured with a nut and bolt. Both V and U shaped crackfilling squeegees are reversible. They can be used to push or pull during application by reversing the assembly with the same handle as supplied - no additional parts are necessary. Complete units are supplied with handle, frame assembly, mounting kit and your choice of squeegee material as described below.

Heavy Duty Crackfilling Squeegees - Complete Units

V Style - Item HDRV-BUNA

3" Buna rubber blade - for temperatures up to 220° F.

U Style Item HDUS-BUNA

3" Buna rubber blade - for temperatures up to 220° F.

V Style - Item HDRV-SIL

2" Silicone rubber blade - for temperatures up to 450° F.

Replacement Parts - HD Squeegees

Buna U Blade - Item HDUS-BK

- black color
- 1/4" x 3" x 18"
- use to 220° F.

Buna V Blade - Item HDRV-BK

- black color
- 1/4" x 3" x 12"
- use to 220° F.

Silicone Replacement Blade - Item HTRV-RD

- red color
- 1/4" x 2" x 12"
- use to 450° F.

Replacement Handle - Item AL-6H

- 6' aluminum handle, 1 1/4" O.D.
- fits both V and U squeegees

Mounting Kit - Item CSAH-6

- mounts both V and U squeegee frames
- use with handles AL-6H, AL-7H and AL-9H

Pavement Scrapers

Steel Scraper - Item ASC-510

- 10" Stainless steel blade with knife edge - 14 gauge
- 1 1/8" O.D. x 5' Steel tube handle

Steel Scraper - Item ASC-514

- 14" Flexible spring steel blade - 22 gauge
- 1 1/8" O.D. x 5' Steel tube handle

Replacement Parts

10" Replacement blade - Item ASC-R10

14 gauge stainless steel - 10" wide

14" Replacement blade - Item ASC-R14

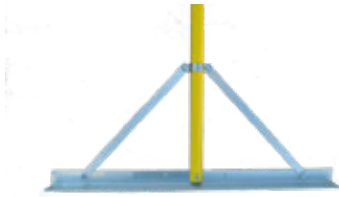

22 gauge flexible steel - 14" wide

Aluminum Asphalt Lutes

Lightweight and exceptionally durable, our aluminum lutes are constructed from 9 gauge extruded aluminum. Heavy duty one piece construction remains true and rigid in any temperature and allows quick, smooth levelling. They are available in widths from 30" to 48" and with or without teeth. Complete units come with your choice of a 6' or 7' aluminum handle. Handles are 1 1/8" O.D. yellow, powder coated aluminum. Asphalt lutes are available with both 2 piece "T" style brackets and 4 piece wrap-around brackets.

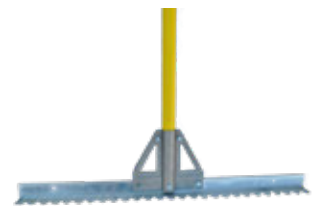

4 piece wrap-around design using AL-BRAC bracket kit

Description	Item (with teeth)	Item (without teeth)
30" Lute, 6' handle, AL-BRAC bracket kit	AL-630	AL-630NT
36" Lute, 6' handle, AL-BRAC bracket kit	AL-636	AL-636NT
42" Lute, 6' handle, AL-BRAC bracket kit	AL-642	AL-642NT
48" Lute, 6' handle, AL-BRAC bracket kit	AL-648	AL-648NT
30" Lute, 7' handle, AL-BRAC bracket kit	AL-730	AL-730NT
36" Lute, 7' handle, AL-BRAC bracket kit	AL-736	AL-736NT
42" Lute, 7' handle, AL-BRAC bracket kit	AL-742	AL-742NT
48" Lute, 7' handle, AL-BRAC bracket kit	AL-748	AL-748NT

2 piece reinforced "T" design using AL-BRAK bracket kit

Description	Item (with teeth)	Item (without teeth)
30" Lute, 6' handle, AL-BRAK bracket kit	AL-630B	AL-630BNT
36" Lute, 6' handle, AL-BRAK bracket kit	AL-636B	AL-636BNT
42" Lute, 6' handle, AL-BRAK bracket kit	AL-642B	AL-642BNT
48" Lute, 6' handle, AL-BRAK bracket kit	AL-648B	AL-648BNT
30" Lute, 7' handle, AL-BRAK bracket kit	AL-730B	AL-730BNT
36" Lute, 7' handle, AL-BRAK bracket kit	AL-736B	AL-736BNT
42" Lute, 7' handle, AL-BRAK bracket kit	AL-742B	AL-742BNT
48" Lute, 7' handle, AL-BRAK bracket kit	AL-748B	AL-748BNT

BIG BOY LUTES

Big Boy lutes use AL-BRAK 2 piece bracket kit **only** and are supplied with a 1 3/8" yellow powder coated Big Boy handle.

Description	Item (with teeth)	Item (without teeth)
30" Lute, 7' Big Boy handle, AL-BRAK bracket kit	BAL-730B	BAL-730BNT
36" Lute, 7' Big Boy handle, AL-BRAK bracket kit	BAL-736B	BAL-736BNT
42" Lute, 7' Big Boy handle, AL-BRAK bracket kit	BAL-742B	BAL-742BNT
48" Lute, 7' Big Boy handle, AL-BRAK bracket kit	BAL-748B	BAL-748BNT

Replacement parts for aluminum asphalt lutes

Blades	Item (with teeth)	Item (without teeth)
30" Lute - blade only	AL-B30	AL-B30NT
36" Lute - blade only	AL-B36	AL-B36NT
42" Lute - blade only	AL-B42	AL-B42NT
48" Lute - blade only	AL-B48	AL-B48NT

Handles	Item
6' Aluminum Handle, 1 1/4" O.D., powder coated yellow	AL-6H
7' Aluminum Handle, 1 1/4" O.D., powder coated yellow	AL-7H
7' Big Boy Handle, 1 3/8" O.D., powder coated yellow	BAL-7H

Bracket kits - including all hardware	
Item - AL-BRAC	
	Item - AL-BRAK

Asphalt Finishing Tools

Asphalt Lute/Screed - Item WL-630

- 8 gauge extruded aluminum
- 6' hardwood handle
- 30" width

Replacement Parts - Asphalt Lute

30" Lute/Screed blade - Item WL-B30

- 30" wide, 3 1/2" tall with 1/2" angled offset

Mounting brackets - Item WL-BRAK

6' hardwood handle - Item WL-6H

- 1 1/4" O.D.

Hardware kit (nuts and bolts) - Item WL-HWD

Steel asphalt rake - Item HAR-14

- 14 teeth - 16" wide x 78" long
- Hardwood handle with ferruled steel connection to rake head
- Holds up to heat - ideal for use with infrared machines

Asphalt Hand Tamper - Item AT-5208S

- All steel construction
- 8" square x 1/4" steel plate base - 13 lbs.
- 1" x 50" black steel pipe welded handle

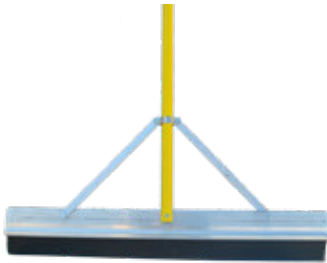

AS Series Professional Squeegees

Manufactured from 8 gauge extruded aluminum, AS Series squeegee frames are a one piece design. AS series blades slide in to the frame from the side. The blades are produced with a large rounded top portion which fits tightly in the matching slot in the frame. AS Series squeegees are available with both AL-BRAC or AL-BRAK brackets. Complete units come with your choice of a 6' or 7' aluminum handle. Handles are 1 1/8" O.D. yellow, powder coated aluminum.

4 piece wrap-around design using AL-BRAC bracket kit

Description	Item
24" Squeegee, 6' handle, AL-BRAC bracket design	AS-624

Bracket kits - including all hardware

Brushcoaters

Woodblock brush design for edgework or general application. Wooden frame is 2" high x 1" thick. Brush fibers are 2" long polypropylene. Brushcoaters are supplied without handle. Handle options include a 6' x 15/16" wooden handle with an optional reinforcing brace or an assembly for a 6' x 1 1/4" aluminum handle. The aluminum handle assembly includes the handle, AL-BRAK brace and a two piece clamp for attachment to the brush head.

Description	Item
18" Brushcoater, handle not included	BSB-18
24" Brushcoater, handle not included	BSB-24
36" Brushcoater, handle not included	BSB-36

Handles and Braces - Brushcoaters

6' x 15/16" Hardwood handle - Item SB-6

- threaded end

Optional brace kit - Item SB-B

- option for SB-6 wooden handle only

6' x 1 1/4" Aluminum handle assembly - Item BH-6

- handle, AL-BRAK bracket, 2 piece clamp assembly and hardware

Brush Heads

Poly Street Brush - Item SB-16

- 16" Width
- 16" x 3 1/2" x 1 1/4" Hardwood head
- 5" Long polypropylene bristles
- Handle not included

Wire Street Brush - Item WSB-16

- 16" Width
- 16" x 3 5/16" x 1 1/8" Hardwood head
- 3 3/4" Long coated steel bristles
- Handle not included

Oil Spot Brush - Item OSB-12

- 12" Width
- 12 1/4" x 2 1/2" x 1 3/4" Hardwood head
- 5" Long x 1/16" Wide flat steel bristles
- Handle not included

Brush heads are sold without handles. Pre-drilled holes fit WB-6 hardwood, tapered handle. Brace assembly WB-BRAC can be used with WB-6 or optional handle kit AH-6 is also available. AH-6 includes AL-6H, 6' x 1 1/4" aluminum handle, AL-BRAK bracket, 1 piece mounting tee and hardware.

Handles and Braces for Brush Heads	Item
6' Hardwood Handle, 6' x 1 1/8" with tapered end	WB-6
Brace assembly for 6' wood handle, brace and hardware	WB-BRAC
Aluminum handle Assembly, AL-6H, AL-BRAK, tee and hardware	AH-6

Replacement Parts - Brace Kits

AL-BRAC

- Includes braces, clamps and hardware
- Use with aluminum asphalt lutes, AS and MS series squeegees

AL-BRAK

- Includes brackets and hardware
- Use with aluminum asphalt lutes, AS and MS series squeegees

WB-BRAC

- Includes braces, clamps and hardware
- For WB-6 tapered hardwood handle only
- Use with all poly and steel brush heads

SB-B

- Includes braces, clamps and hardware
- For SB-6 tapered hardwood handle only
- Use with brushcoaters

Replacement Parts - Handles

Use with AS and MS series squeegees and aluminum lutes. Can also be used with heavy duty V or U shaped crackfilling squeegees, brushes and brushcoaters (with AL-BRAK bracket)

Use with AS and MS series squeegees and aluminum lutes.

Big Boy handle. Use with AS and MS series squeegees and aluminum lutes.

Use with asphalt lute/screed (WL-630).

Use with all poly and steel brush heads.

Use with brushcoaters.

Use with V and U shaped standard squeegees.

AL-6H

6' aluminum - 1 1/4" OD, powder coated yellow

AL-7H

7' aluminum - 1 1/4" OD, powder coated yellow

BAL-7H

7' aluminum - 1 3/8" OD, powder coated yellow

WL-6H

6' hardwood - 1 1/4" OD

WB-6

6' hardwood - 1 1/4" OD, tapered end

SB-6

6' hardwood - 15/16" OD, threaded end

CSRH-4

4' hardwood ferruled end,

Conversion and Mounting Kits

AH-6

- Includes brackets, clamps and hardware
- Includes AL-6H aluminum handle
- Use with all poly and steel brush heads

BH-6

- Includes brackets, clamps and hardware
- Includes AL-6H aluminum handle
- Use with brushcoaters

CSAH-6

- For heavy duty V and U crackfilling squeegees
- Use with AL-6H aluminum handle (sold separately).
- Includes mount and hardware

WL-BRAK

- For asphalt lute/screed (WL-630)
- Use with WL-6H handle
- Hardware sold separately

WL-HWD

- Hardware for WL-BRAK
- Use with WL-6H handle

Parking Lot and Traffic Stencils

We have been producing high grade, long lasting stencils longer than just about everybody. Our standard stencils are produced from the best grade of polyethylene available. Not everyone does - and that is why ours last so much longer. This grade of polyethylene is made for easy maintenance. The non-porous, slick surface allows dried paint build up to simply flake off after drying.

We were the first to offer stencils in Durolast and Maxilast. Durolast is .060" (1/16") thick. It is designed for intermittent use and stores easily. Maxilast is .125" (1/8") thick. It is designed for heavy use. Its extra weight helps it to better hold shape when stored and lay flat on the surface while being used. Both should be stored flat when not in use.

All of our stencils are designed to be clear, easily recognized and *consistent*. The fonts used in standard stencils and proportions in our symbols remain uniform through all shapes and sizes. The design elements in standard stencils have not changed since we began production. What you bought from us 25 years ago will produce the same exact symbol when you replace it today.

Custom stencils are available in both Durolast and Maxilast. Please call for details and pricing.

Handicaps and Arrows for Parking Areas

Item numbers for all of our stencils are followed by **D** for **Durolast** or **M** for **Maxilast**. Please designate which material the stencil should be produced in when placing orders.

S-3015D / S-3015M

Handicap symbol
15 1/2" tall x 13 3/4" wide
1" bar

Letter, Number and Character Stencils and Kits

All of our standard stencils are produced using an easy to read BLOCK style font. We can also produce letters, numbers and words in over 500 additional styles and fonts. Words and phrases can be produced in foreign languages if needed. All styles and fonts are computer generated and stored for future recall and production. All wording stencils from 24" to 96" in height are derived from DOT standards and are designed to be easily read at a 22 degree angle. Please note the following listings are for our stock sizes. Anything not specifically listed is a custom design. All stencils are available in Durolast (D) or Maxilast (M)

Barrier and Caution Tape

Superior quality virgin poly material is more opaque (making it easier to read) than conventional barrier tapes. Bright yellow tape printed with Ultra-Bond jet black ink. The ink permeates the plastic surface making it scratch proof and weather resistant for extended life. 3" x 1,000'.

Description	Item
Barrier Tape - CAUTION 1,000'	BT-1000
Barrier Tape - WET SEALER 1,000'	BT-1000WS

Flagging Tape

Highly visible flagging tape made from extruded PVC. Bright colors and exceptional tear resistance make this the first choice of professional contractors and surveyors.

Description	Item
Flagging Tape - Lime 150'	FT-150L
Flagging Tape - Orange 150'	FT-150O
Flagging Tape - Pink 150'	FT-150P
Flagging Tape - Yellow 300'	FT-300Y

Rubber Parking Safety

Manufactured from recycled rubber, these wheel stops and speed bumps are easy to handle and install. Highly reflective colored strips give them great visibility day or night, rain or shine. Temperature, moisture and UV resistant.

Description	Item
RR Speed Bump 6' Yellow	RSB-06Y
RR End Cap for Rubber Speed Bump	RSB-ENDCAP
RR Blue Recycled Rubber Wheel Stop 6'	RWS-06BL
RR White Recycled Rubber Wheel Stop 6'	RWS-06W
RR Yellow Recycled Rubber Wheel Stop 6'	RWS-06Y

PAVEMENT TOOL MANUFACTURING

A division of The Brewer Company

PAYMENT & CREDIT TERMS

Net payments of invoices are due in 30 days from the date of the invoice. All bills due are payable to The Brewer Company, PO Box 706359, Cincinnati, OH 45270-6359. There is a 1.5% per month (18% per annum) financing fee for past due, outstanding invoices.

MINIMUM ORDERS/CUSTOMER ORDERS

The Brewer Company has no minimum requirements on any order listed in this catalog. Custom Stencil Quotes are based upon size, artwork/design, programming, materials and production time. Once a custom stencil quote order has been placed, you may be subject to artwork, design and programming fees if the order is canceled.

SHIPPING

All orders are FOB The Brewer Company's shipping point.

GUARANTEE/RETURNS

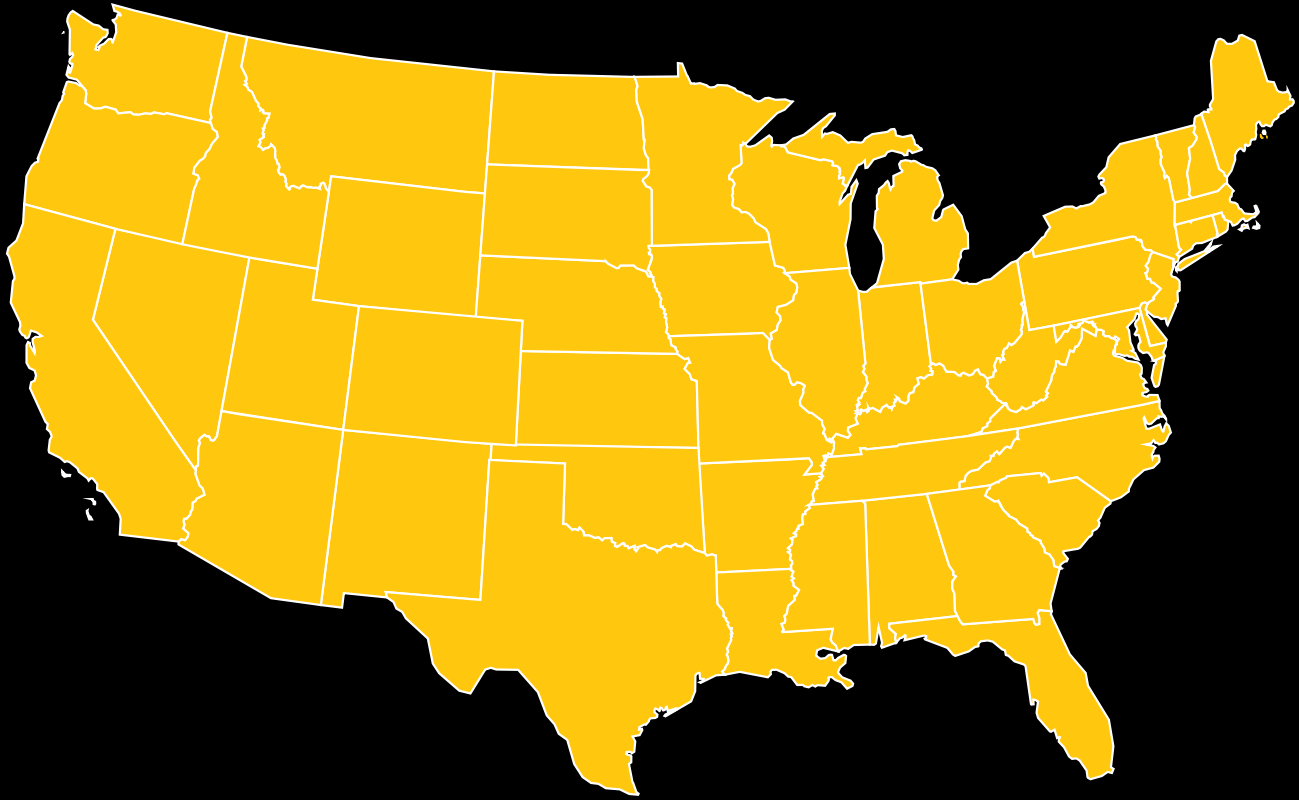

We guarantee that all the goods and every part and ingredient thereof hereby sold to you were produced under terms and conditions of employment which satisfy all requirements of the U.S. Fair Labor Standards Act of 1938.

The Brewer Company's products are manufactured for the contractor market, are of contractor grade, and have been tested by time in the field at the application they were intended for. Should you find any product to be defective in material quality or workmanship, they may be returned for full credit or replacement. All return items must be identified by invoice number and date. Return items must be approved by The Brewer Company prior to return shipping. Returned items must be unused and in good condition before credit will be issued. We will accept NO returns after 30 days from the invoice date. All items are subject to 15% restocking fee. CUSTOMER STENCIL ORDERS ARE NOT RETURNABLE, unless defective under The Brewer Company's guarantee.
